NUREL RULES FOR USE OF NUREL TRADEMARKS

1. **BE DISTINCTIVE.** Make the trademark distinctive from the surrounding text each and every time. Use ALL CAPS. Optional distinctive type styles are bold, italicize or color for the entire trademark. However, the generic should not be made distinctive; for example, keep the generic in lower case such as NOVAREL SLIM® fiber.
2. **SHOW REGISTRATION STATUS.** All our trademarks are registered, so please show the proper registration status each and every time the trademark appears by using the symbol ®.
3. **A TRADEMARK IS AN ADJECTIVE.** Trademarks are adjectives and must modify the correct generic term for the product, eg., correct use: clothing with NOVAREL SLIM® fiber. Trademarks are not nouns, verbs or adverbs, and should never be used in that manner, eg., incorrect use: NOVAREL SLIM® clothing.
4. **DO NOT CHANGE THE TRADEMARK.** The Trademark must be used only in the exact form in which it is registered. Therefore, do not use a trademark in the possessive form or hyphenate, separate or split a trademark even if at the end of a line of text - and do not make a trademark plural.
5. **LOGO.** If you require to use any of our logos please contact us.
